

June 2010 Preschool Prep Newsletter

Dear Parents,

I can't believe June is already here and summer is just around the corner.

Just a couple of notes: Please feel free to bring in a water bottle. Now that the weather is getting warmer and we're outside a lot more, we encourage the kids to drink plenty of water. Please put their names on their water bottles. Also, take the water bottles home on Friday to be washed and return them on Monday.

This month we are wrapping up the alphabet. We will be focusing on the letters "X-Y-and Z".

I'm asking parents to give \$3.00, no later than June 6th, that will go towards a Father's Day gift ☺

The week of June 6th will be a very busy week with "Zoo Week" and our Father's day project. You may bring in a stuffed animal or an item relating to that animal for the day.

The week of June 13th will be a fun week. We will be planting a vegetable garden. Again, there will be a lot of painting. On Friday, June 18th is "Bring Your Lunch to School Day".

The week of June 20th is insect week. We will be experimenting with a lot of different kinds of bugs and insects.

I am so proud of the children with all the hard work they did with our flower garden. They had a fun time digging in the dirt!! Every morning I have the kids help water all the flowers and explain to them why we have to water our flowers everyday. Please admire our flower garden just before you come in.

Please, if you have any questions feel free to stop by and see me anytime.

Ms. Margaret
